

A MUSICAL OF VAMPIRES, VIRGINS & VIXENS

Hey Andrea, very seldom do you find a personality that comes to you with open arms, you are truly that special person this show will be a success because of you and the way you treat people, each and every one of us is so excited to be working with you. This is now yours too, I definitely see long terms growing. We will build the blocks together to make our Castle. I'm asking for your patience as we learn again. Thank you so much for your hospitality. It was a great night! Thank you
